# WHAT DO YOU NEED AS A PARTNER

- 1 MUST BE OPTIMIZED - IKEA entered the market - everyone's volume and regularity fell
- 2 MUST BE SOLVED - keeping the installer's staff during idle time is expensive and inconvenient
- 3 MUST BE DIVERSIFIED - during assembly by the masters of the production - stagnant production
- 4 MUST SAVE TIME - several orders at once - significant delay for everyone
- 4 MUST BE REPLACED - problems with employees - work is suspended
- 5 MUST TRUST- "ss masters"? - definitely you can't take risks in front of the client - you need reliable partners
- 6 MUST BE CALCULATED - the organization of human resources and costs of each object or is it better to invest resources, focusing on the product itself?
- 7 MUST AGREE - need democratic price of furniture / kitchen / house appliances / plumbing / electrical / fitters - partners
- 8 MUST START - cooperation with the first projects, in the beginning even under the control of the team or your people
- 9 MUST EARN - recognition from existing partners IKEA / ALANDEKO, etc. as an indicator of quality. While [www.mebelumontaza.lv](http://www.mebelumontaza.lv)
- 10 assembles -partner focuses on basic business!
